

Hi Martin,  
we are in Egypt and it is really cool there.

We did a lot of exciting things, for example: a cruise on the Nile with a very big ship.

On the first day we visited the pyramids on a camel. Did you know, to build one pyramid it took 20 years! In the evening we were at the best restaurant in town.

On the second day we were chilling on the beach. The water in the red sea was very salty and cold, but it is very clear.

On the third day we were on a trip to a museum. The mummy was scary and the story: "the curse of the pharaoh" makes me scared.

On the 4<sup>th</sup>, the 5<sup>th</sup> and the 6<sup>th</sup> day we had fun on the beach and visited the town and temple.

Now I am in our room and writing this E-Mail.  
In the next week we are going to visit the zoo and other cool things.  
I knew a really pretty boy.

Good bye and see you soon.

Yours, Lisa
